

February 2026 Highlights at Direct English

February 2026 was an auspicious month with Chinese New Year celebrated on the 17th and 18th of February. The Language Centre held a Chinese New Year gathering with the premises adorned with decorations and Mandarin oranges as is customary distributed to those present. The Year of the Golden Horse brings hope of peace and prosperity.

The team in a celebratory mood for Chinese New Year 2026

This month culminated with a student from China, Anna successfully completing her Intensive English Training Course. This Direct English programme is built on a strong international foundation, using a UK-developed syllabus from the Linguaphone Group that is structured across multiple proficiency levels and implemented globally.

It emphasises practical English skills—covering speaking, listening, writing, pronunciation, vocabulary, and comprehension—through a communicative approach that encourages active usage of the language rather than passive grammar learning.

This method ensures that learners build confidence and fluency in real-world communication. With a strong focus on speaking, listening, and real-world usage, the programme is delivered in small classes that allow for personalised attention and confidence building. It also supports IELTS preparation and is trusted by institutions and organisations in Malaysia for training educators and professionals.
